EIP-AHA B3 Integrated Care Collaborative

ACTION AREA 7: ICT AND TELESERVICES

DR ANDREA PAVLICKOVA, AA7 COORDINATOR
Challenges to care delivery models in Europe

- Ageing society
- Health workforce shortage
- Chronic conditions
- Financial unsustainability
- HLY vs LE
- Health inequalities
European Innovation Partnership on Active & Healthy Ageing

crosscutting, connecting & engaging stakeholders across sectors, from private & public sector

Specific Actions

+2 HLY by 2020
Triple win for Europe

Pillar I
Prevention
screening early diagnosis

Pillar II
Care & cure

Pillar III
Independent living & active ageing

health & quality of life of European citizens
sustainable & efficient care systems
growth & expansion of EU industry

Improving prescriptions and adherence to treatment
Better management of health: preventing falls
Preventing functional decline & frailty
Integrated care for chronic conditions, inc. telecare
ICT solutions for independent living & active ageing
Age-friendly cities and environments
European Innovation Partnership
'grass roots' models of excellence

Pooling European Resources and Expertise

6 Action Groups
3,000 partners & 300 leading organisations
>300 Good Practices

Recognising Excellence

32 reference sites with evidence-based innovation

Reaching Scale

30 million citizens, >2 million patients
B3 Integrated Care Action Group: voluntary collaboration for efficient and integrated care

iterative, flexible process

provide input
collect experience, evidence to support policy-making

EC: facilitator

scale up innovative solutions

synergies

inspiration

+2 HEALTHY LIFE YEARS by 2020
A triple win for Europe
Reducing avoidable/unnecessary hospitalisation of older people with chronic conditions, through the effective implementation of integrated care programmes and CDM models, ultimately contributing to the improved efficiency of health systems

Targets

- By 2015: Availability of programmes for chronic conditions/case management (inc. remote monitoring) serving older people in >50 regions, available to >10% of the target population

- By 2015-2020: Based on validated, evidence-based cases, scale-up and replication of integrated care programmes serving older people, supported by innovative tools and services, in >20 regions in 15 MSs
1. Organisational Models
2. Change Management
3. Workforce Development
4. Risk Stratification
5. Care Pathways
6. Patient Empowerment
7. Electronic Care Records / ICT/Teleservices
8. Finance, Funding

Deliverables
- Mapping of innovative practices
- Practical Toolkits
- Implementation on large scale
- More integrated, more efficient services

Action Group work
- provide input and expertise through an open collaboration

Local implementation
- Commitments of the partners
AA7 ICT and Teleservices: Objectives

✓ Highlight the potential of ICT/teleservices to underpin the delivery of integrated care and to realise service efficiencies/cost-effectiveness (Action Plan, 2012)

✓ Improve the effectiveness of health and social care ICT systems and data sharing by identifying solutions which improve interoperability between record systems and data sharing (Action Plan, 2012)
ICT and Teleservices: Who are we?

7. Electronic Care Records / ICT / Teleservices

Public Group 7electroniccarerecordsicitteleservices+eponahab...

ICT / teleservices to underpin the delivery of integrated care and to realise service efficiencies / cost effectiveness.

Andrea Pavlickova

ICT and Teleservices: Coordination
Overview of AA7 activities

Mapping of ICT solutions 2013: ACHIEVED

ICT matrix for integrated care & Collection of good practices
Aligning existing European projects (epSOS, Calliope, Momentum)

Development of easy-to-use tools 2014: ONGOING

Maturity Model
Policy recommendations
Rationale for joint AA7/Momentum workshop
Pilot example of cooperation

- EIP-AHA/AA7
  - Increased number of regions with integrated care programmes including ICT solutions
  - Analysis of 44 good practices, including success factors
  - Toolkit for ICT/Teleservices

- Momentum
  - Large scale deployment
  - Use cases describing specific service
  - List of CSFs
  - European Blueprint for Telemedicine Deployment
Thank you for your attention!
